

Hi Everyone,

There are several bits of news and information that might be of interest:

1) Kevin Epling, (BPUSA, Co-Director), would like everyone to know that on Friday, September 16, at 8:00 pm (Check your local times), on CBS News/48 Hours, there will be a Special: "Bullying: Words Can Kill.

The program may include an interview of Kevin Epling as well excerpts from "The Bullycide Project" which was created by Lori Thompson and based on the book, "Bullycide in America", ([www.Bullycide.org](http://www.Bullycide.org)).

2) For those who missed the Judge Alex Special on Bullying and the interview with me, I have finally been able to post it. You can go to [www.BullyPolice.org](http://www.BullyPolice.org) or [www.JaredStory.com](http://www.JaredStory.com) to view it.

3) After weeks of work, I am almost done redesigning and updating the Bully Police USA website. I have simplified it, which will make it much easier to update it in the future. There is also a new page, [www.BullyPolice.org/VideoPage.html](http://www.BullyPolice.org/VideoPage.html). The website will be uploaded as early as tonight but by the end of the weekend for sure.

4) We are starting up the Bully Police USA educational webinars again. If you are not on the invite list, and would like to be, email Judy Kuczynski, President of BPUSA, to get on that list. Her email is [Judy@christinainternationalhs.com](mailto:Judy@christinainternationalhs.com).

5) It has been about 3 months since I have emailed most of you. Summer is over. For some the nightmare of bullying is now beginning and for others, healing is ongoing. Thanks to all of you for volunteering your time to help others in need, whether they are bullied children, stressed out parents, survivors trying to cope, or teachers/administrators getting support to change their schools. When we all do a little, it really adds up to a lot. Bully Police USA is out there in the media and being talked about in our communities because you have been passionate about service to others and sharing our cause.

However, I know that there is a time and a season for everything. If you desire to step down in your volunteer duties, please email me so we can update our records and find a new volunteer for your area. Also, if your contact information has changed, please let me know so we can keep in touch.

6) I have been working on our new book, "Bullycide in America: Speaking out about the bullying/suicide connection" - Judy Kuczynski and I are working

on this project together. If you are the parent, relative, or even a close friend of a child who took his/her life because of bullying, I would be interested in talking to you if you would like to add your story to my new book. I would also like some help with some state law research. I'm almost done deciding which points will count for the best anti bullying law possible. I'll need help breaking down each state law to reflect that point system. This will eliminate the grading system now being used ([www.bullypolice.org/grade.html](http://www.bullypolice.org/grade.html)) and make each state accountable for what they have in their anti bullying law, which also helps lawmakers see what is missing, which also helps parents and students know what to help their lawmakers add to their law.

Until later, have a wonderful and safe weekend.

Much love from Brenda High
